

Swiss Letter Postage Rates

1862 – 2022

Explanations to the letter rate list.

This list is by no means complete. Missing are the "non U.P.U." rates from the early years, as well as the airmail surcharges prior to 1971. The rates shown, are surface mail rates, except where quoted as "airmail". Starting March 1 / 1948 "airmail" became standard delivery within "Europe", and on July 1/1981 "Worldwide", for letters and postcards. The destination table, copied from the 1976 "PTT" tariff booklet, indicates the air mail tariff groups "A", "B", "C", "D" as well as "E", Europe, "CEPT" and "Mediterranean" countries. The last column shows the countries listed in zone 1 (Europe) from the "official" list issued by the post office in 2003.

Revision from the previous page are marked with a exclamation point at the end of the line.

"Rayon" is the area the rate is valid.

"City (Lokal)" is a domestic tariff valid until 1973 for dispatch to max. 10 Km between Postoffices (as the crow flies)

"International (Border)" is a International tariff valid until June 1971 per agreement between Switzerland, Austria, France and Germany for cross border Postoffices up to 30 Km apart (as the crow flies).

"International CEPT" refers to the countries belonging to the "CEPT" (Confederation europeenne des administrations des postes et telecommunications) listed in the "Destination table".

"International MED" refers to Mediterranean countries listed in the "Destination table".

"International UPU" means to any UPU country of that time.

"Product, Class or service" refers to the mailed item.

"Fee" is a additional charge.

Standard maximum letter size is "B5" (250x176mm) and 20mm thick (international 5mm)

Minimum dimension is 140x90mm.

"Large" letter dimension is B4 (353x250mm) and 20mm thick

"Maxi" letter dimension is B4 (353x250mm) and 50mm thick for domestic letters and for international letters
90cm = length + width + height with no dimension more than 60cm.

"Reg. Letter 3" allows a max. dimension of "B5" (250x176mm) and 50mm thick

"Letter xA" is a first class letter (delivered within 2 [working]days).

"Letter xB" is a second class letter (delivered within 3-5 days).

"Unit" refers to maximum weight, value or distance. "/xx" means per unit. "1+/xx" means: Rate 1, plus the additional per unit rate.

The information found here is from the "Zumstein" catalog, "Zack" magazine and personal research at the "PTT" archives. If you find any errors or can add to this list, please send the information, including the source of the information to:
